FOR MULTIPLE USES:

- AGRICULTURE/ LIVESTOCK
- COMMERCIAL
- INDUSTRIAL
- RESIDENTIAL

UPVC Ceilings solve the problem of dirty, unhygienic ceilings that are difficult and expensive to clean by providing a bright, durable, smooth and hygienic surface, which is easily maintained. This extremely practical ceiling system is suitable for any area requiring a fixed, non-fibrous and non-absorbent ceiling.

UPVC ADVANTAGES

WATERPROOF

Our products are waterproof and do not expand, contract or warp when they come in contact with water.

TERMITE PROOF

No termites or other insects can harm the product. Unlike any other material, which disintegrate when termites or insects attack it.

FIRE RETARDANT

Our products do not burn. It has a "B" "B1" and "B2" fire rating.

MAINTENANCE FREE

With its closed smooth surface it is extremely easy to clean using gentle household detergent dissolved in water. The product is therefore virtually dirt resistant because there are no pores which can be filled with dirt.

EASY TO INSTALLED

uPVC Ceilings are quick and easy to install, saving installation costs on labor.

ECONOMICAL

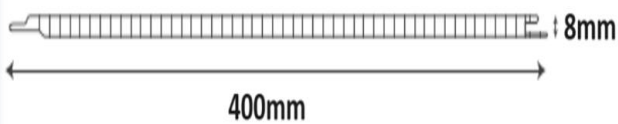

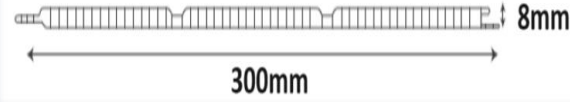

The price of our products is economical when compared to other alternatives available in the market. Coupled with the added advantages, uPVC takes preference over other materials in its applications.

DURABILITY

Our products are very durable and lasts up to 25-30 years.
